

Thursday Chapel Service- 07/5/2015

Pastor Promise Omidiora

Topic: Why must we give God Thanks?

Introduction

To understand the secret of multiplication, one needs to understand what thanksgiving is all about. Thanksgiving is about thanking God for what He has done and what He is yet to do.

Why do we give thanks?

Thanksgiving is a commandment Malachi 2:1. Everything we thank God for multiples. Commandments are meant to be obeyed and not debated.

If we don't want our blessings to turn to curses, we must give Him thanks.

Don't ever assume thanksgiving; register all he has done and give him quality thanks.

His benefits for our lives are so great (Psalm 103:3-5), that we cannot afford to forget them; rather, we must thank Him. It is by the mercy of God that we are not consumed, Lamentations 3:22. It takes the Almighty to forget the iniquities of man.

We thank God because of His faithfulness towards our lives.

Conclusion

God has been faithful to every one of us; both as an individual and institution.
